I

"*The Kit with Gloves to Save Your Marriage*" contains three components that you will discover and learn how to use in no more than a couple of minutes. The very beautiful box the items are presented in will no doubt become an ornament in your household:

And with good reason! While their marriages deteriorate and soon look like sad, old, deserted constructions about to crash down like a house of cards, yours will bloom and blossom just like when you first met. And more! And better! There are the *Gloves*, one for each of you. One for him, one for her.* The fingers of these *Gloves* are crossed and there are holes in them in the very places where your fingers touch, so that you can feel the warm embrace of your hands. Once you wear these very special *Gloves*, you are inseparable! With the *Gloves* on, you cannot separate, you should not even try to separate!

There is a Spoon to do so is at your disposal.

II

Now that you are already familiar with our product, you can joyfully approach the next phase - start putting on the *Gloves*.

Before doing so, you are strongly advised to lie down, concentrate and relax for a while (at least 30 minutes). You do not want to approach this act, so important as it is for your life, under stress and tired out. You are also advised to take the *Gloves*, like any other medicine, on a full stomach. Once you have copncluded your preparations, you can finally enter the *Gloves to Save Your Marriage* and your future and better life.

Remove the *Gloves* carefully from their box. Sit comfortably, facing each other. Each of you has to prepare your own *Glove* for penetration, to measure the amount of Nutella according to your need and desire for sweetness and softness in the marriage. The Pot put at your disposal should be sufficient, but if you think that you need more you are free to use an extra pot.

How long has it been since you have done something together, apart from taking the children to the kindergarten? You see, the *Gloves* are already working!!! Now that you have prepared them properly you can start the penetration into the *Gloves to Save Your Marriage*. It would be ideal if both of you were to achieve full penetration of the *Gloves* at the same time. But do not worry if you arrive there one after the other. It has, after all, been a long time since you have done anything together.

The very sensation of being inside the *Gloves* will fill you with joy. You will sense each others' body temperature, presence, the delightful pressure of your embrace. Who would want to renounce this wonderful feeling? And even if you should wish so, is it still possible?

No, the *Gloves to Save Your Marriage* are holding you both in their warm and secure embrace. Let yourself flow, relax and enjoy. From now on, the world will to be a better place, at least for the two of you.

*The Pharmaceutical Industry, the Union of Medical Workers and the Catholic Church strongly recommend this product.

III

Look at this couple! Do they remind you of anyone? Do they not look exactly like the two of you? But that was **before**. Before they have discovered our *Kit with Gloves to Save Your Marriage*. And look at them **after!!!**

BEFORE

AFTER

And what if one or the other of you should start experiencing the very strange and incomprehensible desire to take the *Gloves* off? It happens. It happened to the young women in our pictures. She slides her hand slowly out of the *Glove*, and to her surprise, what does she see? She has found the very word to describe what she sees herself: "**SHIT!!!**".

What was sweetness before looks just like shit now. It is better not to know that, it is better not to see. Slide your hand back in and live happily ever after. That is the power of our *Gloves to Save Your Marriage!*

Here are just some of the things our convinced users have said about the Kit with Gloves to Save Your Marriage:

Mary Jane Thomson from Johannesburg: "Oh, I thought it was over for good. Now I just know it is for ever..."

Nastasja Klonsky, Paris, Texas: "I will never try to escape again, I promise."

Svebor Thcsknoun, Stockholm, Sweden: "I love her now more then ever. Actually, I never loved her before. The *Gloves* are magical."

Jacqueline De Marre, Genevilliers, France: "I will never tell the women next door about them! She does not deserve it. Besides, she always deposits her garbage outside my front door! Her marriage will soon stink just as badly as that garbage!!!"

Goran Knezevic, Trebinje, Republika Srpska: "I hope that you will not start selling them in the Federation now. We, our people, should be the only ones to wear them. We belong together. Only us. For centuries we had to mix, but not any more. The *Gloves* will keep us together!!!"

Donatella Fiorucci, Milano, Italy: "Oh, my darling, oh! [to her husband and then addressing the camera:] Since we are wearing the *Gloves*, I love him even more then my shoes."

And so on, and so on....

If this is not convincing enough just try them!!!

They are all yours now and soon you will be all theirs...
